

LC DISTRICTS Online Study Visit in the Zlín Region (CZE)

Thursday, January 21, 2020

Web conference on TEAMS

Energy Agency of the Zlín Region arranges the online study visit as the part of the LC DISTRICTS project (“Towards low carbon city districts through the improvement of regional policies”) supported from the Interreg Europe Programme.

The aim of the online study visit is to present successful tools and projects which has made contribution to the achievement of national energy and climate goals. You are very welcome to participate in this study visit. You will have the opportunity to discuss about project activities with project partners from Sweden, Spain, the Czech Republic, Italy, and Croatia. The study visit is free of charge. Please feel free to share information about the study visit programme with your networks, colleagues, and friends.
